

HÜLLIGER TECHNOLOGIES

Improving Health by Applied Nanotechnology

Christopher Robin Hülliger

To value Christopher Robin Hülliger and his accomplishments over recent years it is necessary to take note of his family DNA; grandfather, Henry H. Hülliger, a physicist and a successful inventor; his father, John R. Hülliger, a brilliant electrical engineer. Chris is a cancer survivor, self-educated and self-trained savant. He shows compassion to those stricken with disease and commits every consuming purpose as a nutraceutical scientist to help individuals desiring a natural method to wellness while he endeavors to become a leading authority of Nanotechnology and Nanomedicine relevant to the uses of his proprietary CBD brand, **QRE Nano 9**.

Over the last decade Christopher achieved world-wide acclaim from noteworthy medical professionals and university educators. Hülliger's impressive transport process of Nano-sizing the CBD molecule that safely and efficiently crosses the Blood Brain Barrier provides optimal relief to patients of medical and pain management professionals. **QRE Nano 9** CBD encircles a group of esteemed specialists and individual researchers, all colleagues and associates who respect him, and his work.

Jerry "Michael" Casso PD, CN

Mike graduated from the University of Louisiana School of Pharmacy in 1981, where he received his BS Degree in Pharmacy. He became Staff Pharmacist at Ochsner Foundation Hospital in New Orleans, Louisiana. Through this tenure he was in charge Pediatrics and Oncology. In 1996 he attended Xavier University in New Orleans, Louisiana where he received his Consulting Pharmacist Certification. In 1997 he attended the International Association of Clinical Nutrition in Chicago, IL, a post graduate program for pharmacists to become clinical nutritionists.

As an independent pharmacist Casso pioneered his mark, Medical Infusion Technologies, later it became Oncology Rx; specific internal systems and procedures for local Oncologists that extended to an in-home healthcare practice for 12 Oncology Centers. Casso's formulas, incorporating Nutraceuticals with medication and detailed protocols, proved to be key to maintain the body's natural nutrients due to the depletion of those nutrients caused by physician prescribed pharmaceutical medication, this, a major breakthrough. His expertise and counseling of physicians' cancer, diabetes, and high blood pressure patients achieved decisive acclaim; wellness without destroying the body's natural nutrients affected by pharmaceutical prescription medication.

J. Michael Casso holds the American Legion Award for Honor, as well as Wellness Pharmacist of the Year.

Today, Casso's Wellness Store, TheWellnessStore.com, located in Metairie, Louisiana underscores the value of natural nutritional supplements that are diminished by pharmaceutical medication for diseases. With accurate consultation Casso's Wellness Store identifies depleted nutrients to support optimum health sufficient with the goal of discontinuing prescription medication. The depletion of nutrients does not allow the body's natural ability to fight disease. Change your DNA by changing your lifestyle. Casso's complete wellness lifestyle concept teaches correct eating habits, relearning how to eat nutritiously, and honoring your body with the goal of eliminating the cause of disease by a designated combination of pharmacy and nutritional science support.
